WHAT'S NEW?

Excellence with Integrity Campaign

UF Compliance and Ethics is launching an Excellence with Integrity Campaign this fall in collaboration with multiple areas across campus. The campaign is a systemwide effort to align supportive behaviors with the University of Florida values and create opportunities to improve our culture. The campaign kicks off with a Leadership Roundtable on Ethical Decision-Making moderated by our Chief Compliance Officer on August 24 from 10 to 11:30 at the Reitz Union Auditorium with an option for Zoom livestream. Be on the lookout for more information on the roundtable and other activities planned during the campaign.

UF PHISH ALERT BUTTON

Be extra careful when opening unsolicited emails. Look for "[External Email]" in the subject line and be wary of messages identified as External that claim to be from UF. External emails should be checked: for instance, does the email address and sender's name match? Extreme caution should be used before opening any attachments. (Don't automatically open the attachment: think before you click.) If you have concerns about an email received in your UF O365 email, send it to the Information Security Office by using the phish alert button. Here's a short video on how to use the phish alert button: (https://www.youtube.com/watch?v=m5kBbS4_tH8).

Office of Clery Act Compliance

UF has recently approved its **Institutional Clery Act Policy**, which articulates the variety of ways in which the UF complies with the Clery Act. The policy may be viewed on the UF Policy Hub, under Compliance policies, [here](#). The Office of Clery Act Compliance will be reaching out to all UF CSAs this Fall 2021 semester who are due to take the annual **Campus Security Authority (CSA) Training**. The CSA training module can be found in the UF MyTraining system, and information regarding how to access the training will be shared with CSAs in the forthcoming written communication. Once a CSA has completed the training, a completion record of the annual requirement will be maintained in the MyTraining system. If you have any questions about being designated as a UF CSA, your obligations, or the CSA training, please reach out to the [Office of Clery Act Compliance](#).

ASK YOUR COMPLIANCE OFFICER!

Question: Are online events with minors less of a concern than live events?

Answer: Not really, you must be just as vigilant to ensure a safe environment. Please see below guidelines for any virtual youth programs:

- No virtual backgrounds for participants
- No private chats between program staff and participants or between participants
- No unsupervised breakout rooms
- There must always be adequate supervision - which means a minimum of two adults in all sessions and breakout rooms
- Zoom annotations must be managed by the host (turning off and on) and the setting that includes the participant name must be utilized
- Appropriate attire for all staff and participants
- Also check the [Keep Zoom Secure site](#).
